

RISKS STATEMENT

The following are the risk factors in relation to ME Tokens in general and the tokens sale event in particular:

ME TOKENS MAY NOT EVER BECOME A CRYPTO CURRENCY

There is no assurance that at any time in the future ME Tokens (i) may be exchanged for goods or services outside **allabout.me** platform, (ii) may have any known uses outside the **allabout.me** platform, and (iii) may be traded on any known exchanges.

RISK OF MARKET TRENDS

ME Tokens may be significantly influenced by digital currency market trends and ME value may be severely depreciated due to events in the digital currency markets not related to allabout.me itself as a social network.

RISK OF REGULATION/ LEGISLATION

The Token market may be or may be coming under global or local regulation / legislation that may render tokens trade (exchange) impossible and/or may limit the use of tokens as a payment method and/or limit, prevent and/or sanction the sale and re-sale of tokens.

Tokens could be impacted by one or more regulatory inquiries or actions, including but not limited to restrictions on the use or possession of digital tokens like ME Tokens.

RISK OF ALTERNATE TECHNOLOGY

There is no guarantee that there are no other solutions or technology, whether being developed or is to be developed in the future, that will severely depreciate the value of ME Tokens.

RISK OF HIGH VOLATILITY

Digital currencies are extremely volatile and ME Tokens may suffer from said volatility.

RISK OF TAXATION

The ownership of ME Tokens may fall under existing and/or new and unpredicted taxation laws that will erode some benefits for their holders.

RISK OF THEFT AND HACKING

Token sales and ICOs (crowdsales) have been known to come under malicious attacks from hackers and criminal parties resulting in theft of Tokens and causing massive losses to Tokens may be inflicted on acquirers. Hackers or other groups or organizations may attempt to interfere with the **allabout.me** activity or the availability of ME Tokens in any number of ways. Meanwhile **allabout.me** acting in good faith shall be providing all possible actions to avoid such illegal actions.

UNANTICIPATED RISKS

Cryptocurrency and cryptographic tokens are a rather new technology. In addition to the risks set forth here, there are risks that the allabout.me team cannot anticipate. Risks may further materialize as unanticipated combinations or variations of the risks set forth here.
